Hand over architecture products

# Hand over to delivery

- ▶ About the hand over
- ▶ From architecture (solution outline, migration path)
- ▶ To delivery (software or other implementation project)

# Hand over to delivery

# Agree architecture contracts

- ▶ End of migration planning - Architect contracts were defined
- ▶ During project initiation - Architecture and project management teams agree the contracts to which a delivery project can be governed
- ▶ Outputs
  - Architecture Contracts - revised

Agree architecture contracts

Agree project compliance plan

Review project initiation document

Hand over architecture products

# Agree project compliance plan

- ▶ End of migration planning - a project compliance plan was defined
- ▶ During project initiation - architecture and project management teams agree the plan
- ▶ Outputs
  - Project Compliance Plan- revised

Agree architecture contracts

Agree project compliance plan

Hand over architecture products

# Review project initiation document

- ▶ Before project initiation
- ▶ The PID will be completed by the PMO
- ▶ An architect reviews it to ensure it aligns with the Solution Outline and Migration Path
  
- ▶ Outputs
  - Project Initiation Documents

Agree architecture contracts

Agree project compliance plan

Review project initiation document

Hand over architecture products

# Hand over architecture products

- ▶ Architects hand over to the project team all relevant architecture documentation
- ▶ Most notably
  - Solution outline
  - Migration path
  - Architecture contract
- ▶ Outputs
  - Documented acceptance of products

Agree architecture contracts

Agree project compliance plan

Review project initiation document
