without the written permission of the copyright holder

# Define the architecture resources

- ▶ Solution outline template(s)
- ▶ Artefact standards (viewpoint library)
- ▶ Principles
- ▶ Standards – inc. technology roadmaps
- ▶ Reference models
- ▶ Design patterns
- ▶ Documentation repository structure and tools

With processes to maintain/archive all documentation above.

Establish authority for architecture

Define the architecting organisation

Define the architecture processes

Define the architecture resources

- ▶ The classic IT department mistake is to deploy technology before methodology
- ▶ A CASE tool may help but is only a part of a wider knowledge repository.
- ▶ And your Architects ought to be trained in Architecture.
